# The fourths of small society

12 0 1

## Chapter 1 by Josh Harris

The small people lived in a perfectly square city.  
One fourth of the town was the Square.  
Two-fourths was the fenced in Gardens.  
The remaining fourth was for housing and the market.

The small people also had four stages of life.  
They began as "yunglings."  
Then they turned in to "Pre"  
After that they were "Smalls"  
And finally they were "Elds"

But this story isn't truly about the fourths. Its about the fifth.  
the Small who had entered his fifth stage.
